Exploring Australia

featuring **Ricky Possum**

Created by multi award winning children's songwriter, Kathy Prosser, Exploring Australia has been enjoyed at more than 300 child care centres, schools, libraries and festivals across Australia.

Exploring Australia is a unique and interactive musical show where Ricky Possum leads children on an imaginary, fun filled bush adventure. Children help Ricky Possum follow clues about Australia and its wildlife as they search for a 'mystery animal'.

Exploring Australia is a stand-out incursion featuring: bush scenery, puppets and custom animaltronics. Shows run for approximately 50 minutes.

Original songs, quirky instruments, interactive resources and a cast of furry friends will excite and delight children as they:

- Play I Spy with a spider
- Hop along with Hooroo the Kangaroo
- Watch a life-sized wombat magically wobble out of its burrow
- Teach a grumpy crocodile some manners
- Laugh along with Ridge-E-Didge the Platypus

The show is perfect for:

- Schools
- Daycare Centres
- Playgroups
- Festivals
- Fetes
- Libraries
- Kids Parties
- Country Shows
- Fundraisers

A well established performer, Ricky has a delightful stage presence which children find irresistible. Like the Pied Piper, she has a terrific ability to connect with the children and really draw them into the moment.
